Permission to Assess

I give the staff of Nikki's Christian Daycare Center permission to conduct academic and developmental assessments for my child while attending the center. I understand these assessments will be conducted at least 3 times a year and will be used to assist the parent teacher team to better plan for the development and growth of my child. I understand the information will be shared with me and I will have ample opportunity to discuss the assessment results. I further understand this assessment is a tool and not a grade.
